DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 27 and 28 are rejected under 35 U.S.C. 102(b) as being anticipated by Kubo et al, as applied in the office action dated April 21, 2004.

Claim Rejections - 35 USC § 103

3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
4. Claim 25 is rejected under 35 U.S.C. 103(a) as being unpatentable over Wang et al, as applied in the office action dated April 21, 2004.
5. Claim 26 is rejected under 35 U.S.C. 103(a) as being unpatentable over Wang et al in view of Yamamoto, as applied in the office action dated April 21, 2004.

Response to Arguments

6. Applicant's arguments filed July 21, 2004 have been fully considered but they are not persuasive.
 - a. Applicant argues that Wang discloses a ring member 16, but does not disclose what material the ring member is made from.
 - i. The cross-hatching of the ring member is clearly a rubber or polymer.
 - ii. Furthermore, ring member 4d in figure 10 shows that apertures can pass through a ring member.

Art Unit: 3724

b. Applicant argues that the Kubo does not disclose a plurality of apertures.

i. However, as broadly recited by applicants, the pores provide a plurality of apertures "therethrough" which can be used to allow a connector to pass through the article.

Allowable Subject Matter

7. Claims 1,2,4-11,13-24,29, and 30 are allowed.

Conclusion

8. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

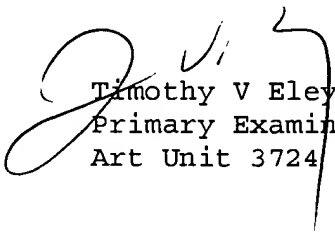

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
